

Paulinskill Lake

Constitution and By-Laws
of the
Paulinskill Lake Association, Inc.

Revised September 2010

Paulinskill Lake Association

Paulinskill Lake is a membership community located in beautiful northwest New Jersey. In the 1920s a dam was constructed across the Paulins Kill River to create a narrow 3-mile long body of water, Paulinskill Lake, which stretches from Hampton Township in the north to Stillwater Township south. The lake and resulting community was constructed in response to the 1914 establishment of [Swartswood State Park](#), to provide seasonal housing and recreation for vacationers from the New York metropolitan area.

Currently, Paulinskill Lake is a primarily year-round residential community of over 500 homes managed by the Paulinskill Lake Homeowners Association. A 1951 article in Philadelphia Magazine titled "[Business Man's Summer Retreat](#)" highlighted that "*Paulinskill Lake preserves the natural beauty of Sussex County*". The community continues to embrace this belief today. We are dedicated to providing a safe place to live and play to all our members, while respecting the environment to sustain the natural beauty for future generations.

Management of the Association is governed by the PLA Constitution and By-Laws. This current edition includes all changes, amendments and revisions and is up to date as of the date of publication. Occasionally, other changes are made as needs develop. Such changes which are made subsequent to this publication and prior to the next edition will be posted on our website. NEW JERSEY BOATING LAW EXCERPTS

The following is part of the laws governing boating in the State of NJ and is placed here for your convenience. It is excerpted from the "New Jersey State Police Boating Safety" manual dated Fourth Revision January 1988. Copies are available from the NJ State Police Marine Law Enforcement Bureau Stations located throughout the state.

Water Skiing on Paulinskill Lake

Water skiing on Paulinskill Lake is governed by a set of regulations that are part of the New Jersey Administrative Code (N.J.A.C. 13:82-3.6).

Please note that in the State of NJ water skiing is defined by law as follows:

The term, water skiing, shall be defined as anything with a rider being towed behind a powered vessel by means of a tow rope or line except another vessel.

N.J.A.C. 13:82-3.6: Regulations for Water Skiing on Paulinskill Lake

(a) Water-skiing shall be permitted on Paulinskill Lake only within the designated ski course as described below.

1. The skiing course shall commence at a point approximately 2000 feet northeast of Beach No. 2 and run in a northeasterly direction on a line established in the center of the lake, to a point at the northeastern end of the Paulinskill Lake Association tract (said point is also known and designated as the southwestern end of Windy Acres campground tract): thence turn 180 degrees and run in a southwesterly direction along the center of the lake to the finish point which shall be approximately the same point as the starting area designated as 2000 feet northeast of Beach No. 2

2. The ski course described in (a)1 above, including the start, stop, and turning areas will be identified by marker buoys.

(b) Skiing hours are designated as follows:

Weekdays - 10:00 am to Sunset

Saturdays, Sundays, and Holidays - 12 noon to sunset

(c) Skiers shall begin the course at the designated start area and continue on the right hand side of the center line in a counterclockwise direction.

(d) Turning shall be permitted only in the designated areas except when retrieving a fallen skier.

(e) A boat with skier just starting the course shall yield the right of way to a boat and skier turning to repeat the course.

(f) A boat with skier may continue around the ski course as many times as desired, turning in the designated areas.

(g) When more than one boat is on the ski course at the same time, each boat shall maintain a distance of at least 1000 feet between it and the boat in front of it.

(h) No boat shall pass a boat with a fallen skier unless signaled to do so by an occupant of that boat.

(j) Skiers shall comply with N.J.A.C. 13:82 and with all other applicable boating regulations.

Safe Operation and Speed

The speed of all power vessels shall be regulated **at all times** in order to avoid injury to any craft, whether in motion or anchored to any type of construction, either directly or by the effect of the wash or wake raised due to speed of such vessel.

The operator of a vessel is **responsible for any damage** caused by the wake of his vessel.

Interpretation for Paulinskill Lake:

Because Paulinskill lake is so narrow and shallow, extra care must be taken in regard to the wake raised by a boat. Slow speed operation of a boat at speeds of approximately 5 MPH to 18 MPH will generally raise a **large wake** which can be **very dangerous** to persons and property.

At speeds below 5 MPH, or above 18 MPH the wake is substantially smaller. As a guide, if the bow of the boat is raised at an angle towards the sky, the boat is traveling at a speed which is creating a **potentially dangerous wake**. Speed up or slow down to reduce the size of the wake.

Large wakes are a substantial **contributor** to the lake silting up. **Large wakes** cause sand, sediment, and other material in the shallow areas at the shore to be washed into the deep parts in the middle of the lake. **Speed up or Slow down to reduce the size of the wake!!**

Negligent Operation No person shall operate any motorboat, or any vessel, in a reckless or negligent manner so as to endanger the life, limb, or property of any person.

Operating Under the Influence No person shall operate a vessel while under the influence of intoxicating liquor, a narcotic, hallucinogenic, or habit-producing drug, or with a blood alcohol concentration of 0.10% by weight of alcohol.

No person shall permit another who is under the influence of intoxicating liquor, a narcotic, hallucinogenic or habit-forming drug or has a blood alcohol concentration of 0.10% by weight of alcohol to operate any vessel owned by the person or in his custody or control.
